

Diggerland Devon

Description:

Rides at Diggerland rarely suffer from long queueing times. This just makes rides on offer at Diggerland even better value as all the main Diggerland rides are included in the entry fee. The number of times you can ride a single attraction is unlimited at Diggerland, choose your favourite and ride over and over again!

Diggerland Train

The Diggerland Train is a dumper truck pulling carriages around the park. This gives the riders plenty to look at and for many their first dumper truck experience! The little ones will love the novelty factor!

Spindizzy

Spindizzy serves as Diggerland's main Thrill-ride. This ride is effectively a JCB, swinging daring visitors at a huge height, in its scoop. This Diggerland ride has an advantage over many other thrill rides in that it isn't computer programmed, this ride is operated by member of Diggerlands staff team. This allows the ride to be as crazy as you want it to be. Each single operation of this ride can therefore be customized, for example, a younger set of riders are thrilled easier than a group of adults, or so the story goes! Hold onto your hats and be spun crazy!

Buried Treasure

Find Diggerlands Buried treasure! Only not the conventional way! Each rider has a large scoop attached to their JCB, there are 7 metal shapes to be found amongst the sand by each driver, unaccompanied drivers must be 5 years and over.

Skittles

The Diggerland Skittles alley is quite a challenge and you will need to hone your driving skills, if you

want to beat the other challengers. A large, steel ball and chain is attached to the arm of the JCB that you can be in charge of if you are over 5yrs. Passengers of 2 years and over are welcomed. Ridiculously large skittle pins are laid out some way ahead of you. The object is to knock as many skittles over as possible while competing with fellow riders.

Dippy Ducks

With similar JCBs to Buried Treasure and Skittles, three ducks need to be rescued from the pond using a hook added to your
